Turner syndrome (TS), also known as 45,X or 45,X0, is a condition in which a female is partly or completely missing an X chromosome. Signs and symptoms vary among those affected. Often, a short and webbed neck, low-set ears, low hairline at the back of the neck, short stature, and swollen hands and feet are seen at birth. Typically, they develop menstrual periods and breasts only with hormone ...

The MRCPCH (membership) exam has three theory exams, which are computer-based and taken in an exam centre. They are Foundation of Practice (FOP), Theory and Science (TAS) and Applied Knowledge in Practice (AKP); they can be taken in any order. The Diploma of Child Health includes FOP only. Find out about the question types in each exam, and download the full syllabus below.

Metrication (or metrification) is the process of introducing the International System of Units, also known as SI units or the metric system, to replace a jurisdiction's traditional measuring units. Although U.S. customary units have been defined in terms of metric units since the 19th century, as of 2018 the United States is one of only seven countries, including Myanmar (Burma), Liberia, Palau ...

Una zona erogena, comunemente chiamata punto G, è ubicata nella parete anteriore della vagina, a circa cinque cm più addentro del suo ingresso. Alcune donne provano intenso piacere se il loro punto G è stimolato convenientemente durante l'amplesso. Un orgasmo scaturente dal punto G potrebbe essere la causa dell'eiaculazione femminile, il che porta alcuni medici e ricercatori a ritenere che ...
